## Education

Morehouse College | B.S. Candidate in Applied Physics (expected Dec 2026)

GPA: 3.5 | Coursework: Software Engineering, Full Stack Development, Data Structures, Generative AI, C++

Skills: Python, C++, Bash, PowerShell, Linux, JavaScript, React, Node.js, Supabase, Cloudflare, Google Cloud

## Projects

Nectar Command Center ? TypeScript, React, Supabase, Cloudflare, Google Cloud, Vertex AI, HubSpot

? Engineered an internal AI-powered operations platform that centralizes business data and automates workflows.

? Built secure integrations with HubSpot, Google Workspace, Vertex AI, Supabase, and Cloudflare.

? Developed AI-powered support for sponsor outreach, CRM management, and internal operations.

Stock Scope App ? React, Node.js, DynamoDB, Docker, REST APIs

? Designed DynamoDB data models and GSIs for scalable stock filtering and efficient query performance.

? Integrated market data APIs to calculate key investment metrics and earnings growth indicators.

? Improved deployment workflows through Docker containerization and GitHub repository management.

KAI ? Python, Ollama, Git

? Built a local AI assistant for task tracking, note management, and study support.

? Developed intent-classification and command-routing frameworks for natural-language actions.

## Experience

AI Technology & Operations Intern, Nectar | June 2026 ? Present

? Developed an internal application that aggregates data from multiple platforms to simplify workflows.

? Built AI-powered internal tools and secure integrations with Google Cloud, Vertex AI, HubSpot, Supabase

Cybersecurity Intern, Air Force Institute of Technology | July 2025 ? August 2025

? Learned vulnerability assessment and penetration testing using Kali Linux, Metasploit, Hydra, and EternalBlue

? Configured and secured FTP servers and firewalls in virtual lab environments.

Sales Associate, Orangetheory Fitness | August 2023 ? Present

? Maintained records, supported customer care operations, and processed financial transactions.

## Activities

? NCAA Track and Field athlete

? Secretary, Morehouse Student-Athlete Advisory Committee

? Army ROTC Cadet at Georgia State University

? NCOIC, ROTC Ranger Challenge

? President, 6lack Hats Cybersecurity Club
